The Saturn 96 Watt AC LED lighting solution is a flood and area lamp with connection to a 230Volt 50Hz supply or a 110Volt 60Hz supply. These LED Flood Lights can significantly reduce energy consumption and cut carbon emissions. Ideal for reducing expenditure and helping with environmental issues.

The Saturn LED Flood Light can be used to provide lighting for various applications ranging from recreation area lighting to warehouse lighting, sign lighting, building lighting, car park lighting and perimeter fence lighting.

Note: All LEDs are encased in a compound that will give them protection from any ingress of liquids or solids and all other electronic components are enclosed in an IP66 rated assembly.

## Specifications: Saturn 96 Watt LED Flood Light

Input voltage AC	230V AC 50Hz / 110V AC 60Hz
Total PowerConsumption	130 Watts
Operating temperature	-20 degrees C to + 70 degrees C
Total lamp output	Approx. 3840 Lumens
Correlated colour temperature	4500 to 8000 degrees K
LED Lifespan	Typically 80,000 hours
Turn on time	100ns
Unit colour	Silver
Weight	6.5 Kg
Mounting	Chain Mounted Bracket (Standard) Pole and Wall Mounted versions available.
